
TOUR GUIDE · FOUNDER · ENTREPRENEUR

# ELIEZER PRIETO

Trilingual Cuban professional with scientific and humanistic training. I combine international tourism experience, entrepreneurial leadership, customer service, logistics and technical thinking to create memorable experiences and solve real problems.

**Location:** Boa Vista, Roraima, Brazil

**Languages:** Spanish, English, Portuguese

**Availability:** Immediate contract availability

**Focus:** Tourism, operations, projects and premium service

**3** Languages spoken fluently

**2+** Active tourism platforms

**1** Startup founded

**7** Student projects completed

## PROFESSIONAL PROFILE

I am Eliezer Antonio Prieto Pantoja. I graduated from IPVCE Vladimir Ilich Lenin, studied three years of Nuclear Engineering at InSTEC, and completed one year of humanistic studies at the Padre Félix Varela Institute. My path combines analysis, discipline and human connection. I moved from physics and engineering into international tourism and entrepreneurship while keeping leadership, resilience and a results-driven mindset.

## EXPERIENCE

### Professional Tour Guide
Civitatis · GuruWalk

Ongoing experience

Design and delivery of tours in Spanish, English and Portuguese for international travelers. Specialized in cultural experiences, historical itineraries, storytelling and adapting each experience to the group.

### Founder & CEO
Hasta Tu Puerta

Package delivery startup

Creation, operation and growth of a logistics brand with an active social media presence. Leadership in operations, service, promotion, organization and digital marketing.

### Demanding technical training
Nuclear Engineering

3 years of study

Solid foundation in physics, calculus, thermodynamics, modeling and technical problem solving in complex environments.

## FEATURED TOURS

**Bike Tour of Havana**
Urban and cultural experience for international travelers.

**Complete Tour**
Full Havana route for different visitor profiles.

**Colonial · Casa Blanca**
Heritage routes with cultural context.

**Cuban Revolution**
Historical narrative with a human and political perspective.

**Night Bar Tour**
Social and local experience with close attention to detail.

**Contrasts · Yoruba**
Thematic, identity-based and multicultural itineraries.

I am looking for opportunities where I can contribute judgment, communication, energy and real results in tourism, operations, logistics, technical projects and high-level customer service. My differentiator is the way I combine science, humanities, service and life experience to move naturally between technical and human contexts.

## KEY SKILLS

- Tour experience management
- Intercultural communication
- Premium customer service
- Operations and logistics
- Marketing and promotion
- Leadership
- Crisis resolution
- Analysis and critical thinking
- Teamwork
- C++ programming
- Python programming
- Web programming

## EDUCATION

### IPVCE Vladimir Ilich Lenin
High-performance scientific foundation · Cuba

Intensive training in mathematics, physics and applied sciences; discipline and analytical thinking.

### InSTEC · Nuclear Engineering
3 years of university education

- Mathematics: Analysis I, II and III; Linear Algebra; Statistics; Differential Equations.
- Physics: Mechanics, Electromagnetism, Optics, Atomic Physics, Mathematical Physics and Neutronics I.
- Engineering and systems: Thermodynamics I and II, Fluids, Strength of Materials and Modeling.
- Technology: C++, Python and Web programming, technical drawing and advanced office tools.

### Padre Félix Varela Institute
1 year of humanistic studies

Basic philosophy, literature, oral expression, ethics, text analysis and critical reflection.
